*KITS AND ACCESSORIES FOR **INSECT SCREEN***

Agroplastic

GRUPO SANZ

AGROPLASTIC nace con la misión de ofrecer productos inyectados en plástico con unos altos estándares de calidad, que nos han servido para fidelizar a nuestros clientes en sectores muy exigentes, como industria automovilística, productos agrícolas y material de construcción, entre otros.

En la actualidad estamos especializados en el diseño y fabricación de piezas plásticas para el sector de la mosquitera.

Nuestro sistema de producción LEAN permite la optimización de toda la cadena productiva obteniendo una mayor competitividad en el mercado.

Gracias a nuestro proceso integrado (diseño, matricería, inyección y montaje) ofrecemos una ventaja competitiva a nuestros clientes, única en el mercado.

AGROPLASTIC was created with the mission of offering plastic injection moulded products with high standards of quality, which have allowed us to secure the loyalty of our clients in highly demanding sectors such as the automotive, farming products and construction materials industries, among others.

Our Lean Production system ensures the optimisation of the entire production chain, enhancing the competitiveness of our products on the market.

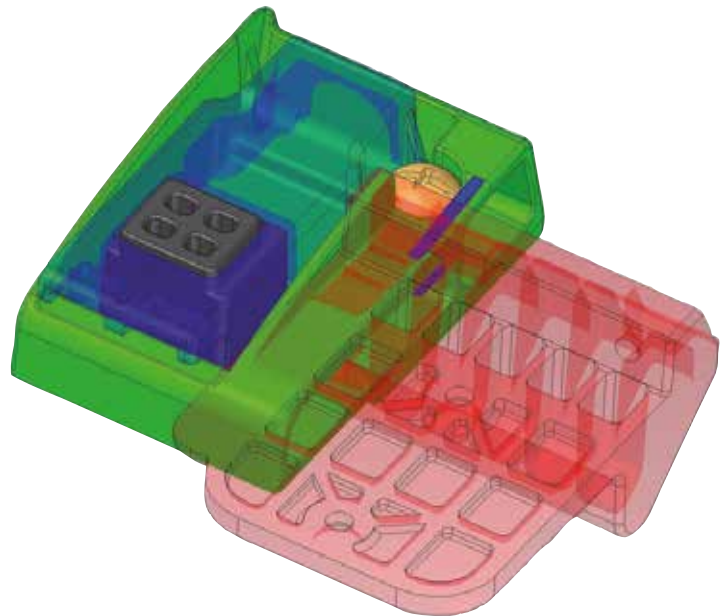

Through our integrated process (design, tooling, injection and assembly), we offer to our clients, a competitive advantage unique in the market.

VALOR AÑADIDO

Nuestra planta de producción está formada por 16 inyectoras que van desde 60 hasta 650 toneladas, pudiendo realizar piezas de plástico que van desde 10 gramos hasta 2,8 kilogramos.

ADDED VALUE

Our production plant is equipped with 16 injection moulding machines, from 60 to 650 tonnes, capable of making plastic parts ranging from 10 g to 2.8 kg.
